Good Afternoon Ms. Hughes,

I was attempting to find out information on subdivisions in the Christopher Creek area. I went to the Gila County Assessors web page and found my way to the Maps and Records of Survey page. I was lost at this point. Sue Pontel's email was on the page so I asked her for help. She emailed me the map information within a few minutes. But I needed more. I called Sue and she directed me to other maps and how to find even more. Sue was great.

I wanted you to know that Sue is a true asset to you, Gila County, and the State of Arizona.

Sincerely

Hi Deborah, thank you for taking the time to write this letter and to send it. Although the changes in our tax have made it a hardship to handle, I believe you really do care about helping and Jamie and I are very grateful for your efforts to ease the burden. The extra lengths you've gone to are above and beyond what people expect from a county government official. Please accept our heartfelt thanks for going to bat for us. We wish you and your family a "Merry Christmas", you deserve it!

Lady Sue,

That is so unbelievably kind of you folks. Thank you so much for everything again.... All you ladies up in that office are just great. You ladies are always taking care of us folks way beyond what is expected, and you always seem to get it all done right away. What you did for me today; though simple to you.... Was an extremely important thing to get done, and very, very important to the project that I am working on at expanding the business. I certainly feel like I owe the County something.... I will figure out how to make it right. Would you please thank your boss for me too, for the consideration, or at least forward my e-mail of thanks on to your boss. Until then, I hope you have a great day.

Under desert skies,

Floyd

Hello Lady Sue,

Just a note to say thank you very much again. I had to put the thumb drive into another USB port and the folder showed up just fine. Everything looks great and I already have been able to send everything to the Draftsman and Engineer via e-mail. Thank you again for all the wonderful help. Next time I am in getting something done; in I would very much like to pay for the work you have done today please. The charge should be at least as much as when we making pdf's for the County's stuff. I just want to make sure that you don't get into any trouble. I am more than happy to make things right and pay my bill.

Thank you so very much once again. Have a great day....

Under desert skies,

Floyd

Re: Teri Berumen

Dear Deborah:

Last month I made a call to your office and was blessed to have Teri answer. (calling government offices can be a challenge at times)

Teri excelled in the information given and referred me to another office for another need that I had dealing with my parents affairs.

When I called the other extension; I was given limited info and had more questions than when I initially made the call. Not wanting to call that extension again, I called Teri. She knew exactly what I needed and provided the correct answers to my needs.

I am a small business owner and I wish all our employees were "Teri"; she is amazing!

I hope you realize what a treasure you have in her! She made my day! (I got busy and didn't write this the day of....but here it is a month later and she still has that lasting impression).

When I have any County Court needs, she will be my first call.

Best Regards,

Candyce Doles
